Address:			Postcode:
Contact Number:	E-mail:		

ENERGY SUPPLY			
GENERATION			
Type(s): Solar PV	Size (kW):	Orientation:	Pitch:
	Year installed:	Annual generation:	
	Generation tariff rate:		Export rate:
Wind	Size(kW):	Turbine model:	
	Year Installed:	Annual generation:	
	Generation tariff:		Export rate:
Petrol/Diesel generator	Size (kW):		
	Usage pattern:		
	Fuel Consumption:		
Other, please specify	Size (kW):	Model:	
	Year installed:	Annual generation:	
	Generation tariff rate:	Export rate:	
Are any of the listed generators curtailed or export limited? <i>(Please provide details)</i>			

ENERGY USE			
GRID SUPPLY / EXPORT	NUMBER OF PHASES: 1 P 2P 3P		
Annual Import (kWh):	Electricity price (p/kWh):		
Grid connection max. export capacity (kW):	Multi rate tariff?	Yes	No
Grid connection max. import capacity (kW):	Please specify multi-rate tariff, periods and rates:		
CONSUMPTION PROFILE:			
Usage during operating hours (kW):	Operating hours:		
Continuous baseline loads (kW):			
LOADS <i>(Please list all large electrical loads on site – size and operating hours)</i>			
USER EXPECTATIONS / REQUIREMENTS <i>(if more than one applies, please prioritise)</i>			
Self-consumption (maximise generated energy usage on site):	Backup:		
Return on Investment:	Carbon reduction:		

Thank you for your interest in Wattstor Commercial Energy Storage Solutions. Please complete as much of this form as possible and return to info@wattstor.com. This information will be used to generate an initial estimate for your consideration. We look forward to hearing from you and working together on your ESS project.
